The first time you borrow materials at ListenNJ.com, instructions will be provided for them to download the free software needed.

Downloads are available for your personal PC, laptop, or PDA. MP3 audiobooks can be transferred to a wide range of devices including the iPod®, iPhone™, and the iPod Touch. Some titles can even be burned to a CD.

eBooks can be read on a PC or Mac® using free reader software called Adobe® Digital Editions. eBooks can also be transferred to popular e-reading devices like the Sony® Reader and the Barnes & Noble nook™. A list of compatible devices is available at: www.overdrive.com/resources/drc/.

You may check out up to a total of five digital audiobooks and eBooks at once.
