

# Teen Art Workshop

## Express Who You Are with Fabric, Art and Words

**Teens: Join us during your winter break!**

For centuries, cultures across the world use symbols on fabric to convey information about their history and emotions. There is a rich human history told through quilts, African, Mexican and European symbols and even bandanas.

Come join visual and craft Newark artist Noelle Lorraine Williams to use words and symbols and whatever you want to design your own bandana, scarf, peace flag or wall square.

All materials provided.
