

Please join us for a **FREE** hands-on science and literacy workshop for children and families!

Newark Public Library North End Branch is pleased to offer a **FREE** Leap into Science Balance & Gravity Workshop for families. Leap into Science is a nationwide program from The Franklin Institute Science Museum that integrates open-ended science activities with children's books, for children and families to learn together.

Who? Children ages 3-9 and their caregivers

When? 6:00 PM, Wednesday, March 20, 2019

Where? North End Branch, 722 Summer Ave.

Families will:

- Explore the science of Balance & Gravity through hands-on activities and children's books
- Have fun while learning to think like scientists!
