

# *NARCAN*

**Please come for an informative talk  
by Felician University Nursing School student  
*Natalie Arrosa, R.N.***

**NEWARK PUBLIC LIBRARY  
5 Washington Street  
Lobby  
Tuesday, August 13, 2019  
10:00 a.m. – 2:00 p.m.**

Developed for the average person with no medical training,  
Narcan (also known as Naloxone) can prevent an opioid overdose.

Chat with Natalie to learn more about this response  
to a public health crisis in our country.
