

THE NEWARK PUBLIC LIBRARY IN ASSOCIATION WITH
THE CENTER FOR HIP-HOP ADVOCACY AND HIP-HOP HACKS PRESENTS:

PYTHON MC: USING HIP-HOP TO LEARN COMPUTER CODING

SATURDAY, JANUARY 18TH | 1:00PM - 5:00PM
THE NEWARK PUBLIC LIBRARY, 3RD FLOOR, TTC
5 WASHINGTON STREET, NEWARK, NJ 07102

Python MC is an introductory computer science course that uses hip-hop music to teach the core concepts of computer programming to middle school and high school students. This fun and interactive workshop will teach the fundamentals of coding in the Python programming language, by using it to create hip-hop music.

Open to ages 12-18.

Laptops/computers/headphones will be provided, although attendees are welcome to bring/use their own.
