

*Newark Public Library and Newark City of Learning  
Collaborative's "Newark Goes to College" initiative Present:*

# THE BENEFITS OF PRE-COLLEGE PROGRAMS

*Wednesday, October 21st @ 5 PM*

Join us to learn more about pre-college programs available locally and throughout New Jersey, and how they can help prepare you on your path to college.

*Facilitated by the Seton Hall University Upward Bound Program*

The Seton Hall University Upward Bound Program (SHUUB) is a federally funded program, that offers a variety of academic enrichment, career counseling, and cultural exposures for first-generation, low-income high school students from the cities of Newark, East Orange, and Irvington New Jersey. The program's mission is to build, encourage, and create an environment for learning; while providing participants with the skills necessary to successfully complete high school, pursue, and complete a program of post-secondary education. SHUUB is one of the oldest premier pre-college programs; we will explore our goals and objectives, and how we can assist students to tap into their fullest potential.
