

PLAN 2050

Transportation ▶ People ▶ Opportunity

HELP US PLAN FOR THE FUTURE!

Join us for a series of virtual public meetings to learn about our long-range transportation plan and share your vision for our transportation system.

EVENT DETAILS:

We want to hear from you! Plan 2050 is about transportation, people and opportunity. It will recommend transportation policies, envision new programs and suggest transportation investments for the 13 northern New Jersey counties.

Tell us what works (and what doesn't) for how you travel every day. Share your thoughts on emerging technologies and how you see yourself getting around in the future. Have ideas for how to change transportation over the next 30 years? We want to hear about that too!
